THANK YOU FOR YOUR VISIT
TO ASTORIA ALM

Today, the **Astoria Alm** stands as a vibrant place of enjoyment and a tribute to an extraordinary history.

It all began with Henriette Clements, who commissioned the construction of a charming country house on the Geigenbühel. From this emerged the **"Hotel Britannia"**, a meeting place for international society and aristocracy.

In 1950, **Fritz and Hilde Mauthner** breathed new life into this special place and created the legendary **ASTORIA**. To this day, the distinctive M-shaped gable silhouette serves as a reminder of the family name. With great passion, **Elisabeth Gürtler**, former Managing Director of Hotel Sacher Vienna and Hotel Sacher Salzburg, continued the legacy of her parents and, in 2022, repositioned the property as today's **Alpin Resort Sacher Seefeld** — the highest-altitude Sacher in history.

Today, the **5-star superior resort** and member of **The Leading Hotels of the World** combines alpine tranquility, timeless elegance, warm hospitality, and Sacher excellence. Nestled within a 20,000 m² hotel park at an altitude of 1,200 meters, guests enjoy unforgettable moments amid the Tyrolean mountains.

A 4,700 m² wellness world, award-winning gourmet cuisine, and the property's unique atmosphere create a haven for relaxation and precious moments.

With the **"Sacher Academy for Better Aging"**, under medical supervision, the resort is consciously dedicated to the concept of healthy longevity. Modern preventive medicine, regeneration, and mindful enjoyment come together in a holistic concept, creating an experience of **"My Longevity in Cozy Luxury".**

In November 2026, the **Sacher Event Chalet** will open, accommodating up to 180 guests for exclusive seminars, workshops, incentives, and private celebrations.
